

DIABETES CLINICAL TRIALS

HANSON CLINICAL RESEARCH CENTER
Research Today for a Healthier Tomorrow

GET SCREENED TODAY!

Currently serving as a clinical trial site for several large pharmaceutical companies sponsoring trials on approved and investigational diabetes-related drugs or devices.

By participating in a Clinical Trial, you

- obtain expert medical care
- gain access to new research treatments before they are widely available
- Help others by contributing to medical research
- play an active role in your health care

Eligible participants receive

- study medication and supplies (may include insulin)
- time and travel stipend

Individuals participating in any research must meet certain eligibility requirements and be willing to sign an informed consent detailing the methods, procedures, risks and benefits of the study. Participants have the right to withdraw from a study at any time.
